WARING ENGINEERING LIMITED – SUPPORTING BLE SMA

The British Limbless Ex-Service Men's Association look after all those that have lost limbs in the service of their country or after service for whatever reason. We also assist the widows of the Members after they sadly pass away.

As events in Afghanistan continue, sadly so our Membership increases with the number of casualties that are requiring our assistance and expertise. The figures currently stand at over 270 that we have visited in either at the Queen Elizabeth Hospital, Birmingham or the Defence Medical Rehabilitation Centre, Headley Court.

For more than three years we have been extremely fortunate to be supported by Richard and Jayne Waring who have supplied hospitality, fundraising and general support to our Members. Recently they purchased three Executive Box's at the Nottingham Forest versus Ipswich Town football match to provide hospitality to our Members, including several injured in recent conflicts in Iraq and Afghanistan. It was an emotional day for all concerned as they received a standing ovation from all present.

We receive no Government funding and rely on the generosity and kindness of organisations and individuals such as Richard and Jayne who go to sometimes extraordinary lengths in order to raise much needed funds to allow us to continue our work, for all our Members, for life, not just whilst they are serving.

Yours sincerely,

Lt Gen Sir Cedric Delves KBE DSO
National Chairman
